

## **The Ten Commandments, Partial-Birth Abortion, Terri Schiavo, Homosexual Marriage, CHRISTmas, and the Confederate Battle Flag**

Memorandum from Screwtape Jr. to Wormwood III  
Subject: Destroy America

Your grandfather and my father were nephew and uncle (see C.S. Lewis' The Screwtape Letters). Don't let our kinship confuse our working relationship. Your grandfather's failure to subvert Christians cost him dearly. It will mean far worse for you to fail, since we are so close to destroying the One Nation Under God that has been such a haven for Christians and Jews. Don't fail to make America into One Nation Under Judges, In PC We Trust.

Remember, judges are our Priest-Kings of Puritan Liberal Political Correctness. Connect the dots for our PC Gods.

- 1 The Ten Commandments.** Destroy the basic law of the Founding Fathers' worldview and you destroy the foundation of the Nation. Attack the historical truth that America was founded on Judeo-CHRISTian values with the half-truth of the separation of church and state. Say that a simple plaque of words placed in public decades ago suddenly establishes a church. The PC God of Multi-Culturalism demands you intimidate the majority. Claim they are shoving their religion down others' throats.
- 2 Partial-Birth Abortion.** The PC God of Extremism had justices invent a 'Constitutional' right to abort babies. The People pretended a baby is just a blob of tissue and called it a fetus so long that they believe anything else is 'extremism'. Our judges will enforce the barbarity of partial-birth abortion. Kill the most innocent and helpless humans to end the sanctity of life. Make certain no one ever videotapes partial birth abortion infanticide of a healthy baby.
- 3 Terri Schiavo.** The PC God of Privacy expected his judge's order for Terry to die of starvation to be the end. Her life support is expensive and inconvenient for her husband (whose disobedience of the stupid Commandments against adultery, stealing, honoring parents, and killing is so excellent when he appears on TV as the 'victim'). Don't let the legislature and executive in Florida protect her sanctity of life. The second most innocent and helpless humans – the very ill and aged – must die when judges say so. Call it death with dignity, whether the weak want to live or not.
- 4 Homosexual Marriage.** The PC God of Tolerance fears the Marriage Amendment. That amendment is the only way to stop our mighty judges from forcing homosexual 'marriage' on America. Homosexual 'marriage' dismisses, forever, the moral authority of the Ten Commandments for American laws. It destroys the legal wrongness of adultery. Marriage and family are whatever a judge says they are. Every Judeo-Christian value and institution is 'arbitrary'. Get sissy Christians to help

you confuse the issues. Open the door to Muslim and Mormon multiple wives, group marriage, adult incest and bestiality.

- 5 **CHRISTmas.** The PC God of Diversity wants you to finish the job of culturally cleansing CHRISTmas. The 86% majority is afraid to say “Merry CHRISTmas”. Let the Public Schools show Jewish and Muslim symbols for Diversity. Ban Christian symbols, music, words, and history because they are exclusionary. Spread the holiday based on race – Kwanzaa - to drive devout Black CHRISTians from CHRISTmas unity with others. Since December 25 is the only official holiday which acknowledges the CHRISTian majority rules at all, ban the word – CHRISTmas.
- 6 **Confederate Battle Flag.** All of our PC Gods of Self insist you crush the Southerners. The South is the only place where there is still a majority of believing, brave Christians and Jews. Scream about the Confederate Battle Flag. Make the descendants of courage, fidelity, and faith recant their heritage. Once Southerners deny the cross of St. Andrew, who is left to defend the Cross of Jesus? Wave the Confederate flag as a wedge issue to keep Black and White Southern CHRISTians apart.

CHRISTian cowards fear disapproval more than dishonor. Tell the CHRISTian activists they are being partisan, political and extremists. Tell the Political activists they are being CHRISTian Right, too religious and extremists.

Americans will comply with any court order no matter how wrong, stupid, silly, false, illegal, immoral, unlawful. Just tell them whatever the judges say is the Rule of Law. Remind Americans they are peasants who ‘take a village’ for PC worship, not the freedom-loving patriots who said, “We have no king, but Jesus” in 1776.

Suppress the moral and legal authority of this Judeo-CHRISTian Nation. Make every individual right and responsibility, every institution - like marriage and family, and the sovereignty of the People not God-given, but subject to the rule of PC judges. Our PC Gods be praised.

James Atticus Bowden

**James Atticus Bowden has specialized in inter-disciplinary long range 'futures' studies for over a decade. He is employed by a Defense Department contractor for the Future Combat Systems. He is a retired United States Army Infantry Officer. He is a 1972 graduate of the United States Military Academy and earned graduate degrees from Harvard University and Columbia University. He holds two elected Republican Party offices in Virginia.**
