

Moslems Censor American Speech

Right after 9-11 Moslems insisted on being called Muslims. Woe unto the American who used the former name. Recently, the Mohammedans won a coup getting a conservative talk show host, Michael Graham, fired from WMAL-AM, an ABC Radio affiliate. The Council on American-Islamic Relations (CAIR), otherwise known as the 'Corrupting America for Islamic Rule', will expand bias bullying to censor the truth on other stations and generally throughout public speech.

Graham said, "Because of the mix of Islamic theology that—rightly or wrongly—is interpreted to promote violence, added to an organizational structure that allows violent radicals to operate openly in Islam's name with impunity, Islam has, sadly, become a terrorist organization. It pains me to say it. But the good news is it doesn't have to stay this way, if the vast majority of Muslims who don't support terror will step forward and reclaim their religion."

He added, "If the Boy Scouts of America had 1,000 scout troops, and 10 of them practiced suicide bombings, then the BSA would be considered a terrorist organization. If the BSA refused to kick out those 10 troops, that would make the case even stronger. If people defending terror repeatedly turned to the Boy Scout Handbook and found language that justified and defended murder – and the scoutmasters in charge simply said 'Could be' – the Boy Scouts would have been driven out of America long ago."

That cost Graham his job. Over 15,000 protest calls to support him didn't help. The Muslims got Graham for telling the truth. It's going to get a lot worse. More Americans must speak in public with a lot more of the painful truth of Islam. This historical truth is so politically incorrect it shouts down the public pandering from the President down to not dare offend oh-so-sensitive Muslims.

Like, Islam is a (or do they insist it is 'the'?) Religion of Peace. If Islam is a Religion of Peace then Aztec Paganism was the Religion of Mercy. Muslims are behind the Communists, but ahead of the Nazis, for mass murders, individual martyrdom and religious war killing. Roman Catholicism's Spanish Inquisition is cited as a counter-vailing Christian horror, but it's nothing (estimates of 32,000 deaths, but the actual records indicate about 2,000 deaths) compared to body count that begin when Mohammed ordered the massacre, genocide, of a Jewish tribe just 5 years after starting his religion (627 A.D.)

Muslim armies killed, raped, and destroyed more in their conquests against Christians, Pagans and Hindus than all the Crusades put together. Even during the 'Golden Age' of Islam of the 10-13th centuries, there was mob violence, forced conversions, mass murder and expulsions against Christians and Jews from Spain to Iran. Ask the Armenians about Muslim tolerance in the 20th Century. With this century in its infancy, how many hundreds of thousands of Christians have been killed in the Sudan, Nigeria, Ivory Coast, Kosovo, Iraq, Egypt, Pakistan, Philippines and Indonesia? What religion did the child murderers of Beslan, Russia proclaim last September? Have Americans no eyes, no ears, no memory, no history of facts?

If Graham was fired for lightly grazing the truth about Islam, who will get a microphone or camera to tell these greater truths?

Like, Islam is NOT an Abrahamic religion equal to Judaism and Christianity. Muslims will say they're people of the 'Book' and point to Koranic verses to support the claim. But, Muslims have other verses and teach to the contrary. Moreover, why would the God of the Jews and Christians dictate in the Koran that Muslims should persecute, kill or make the Jews and Christians pay taxes and be second class citizens?

And Islamic Civilization is 800 years behind Western Civilization. By any measure that you mark Islam is as far behind the West as the Germanic Tribes were behind Rome. Islamic Civilization is barbaric compared to West. Truth isn't Islamophobia.

Claiming the Koran is more than the truth, that the very pages are holy, fits a religion that borrowed from the paganism of Baal - from the black stone Ka'aba to their old moon god symbol and name of Allah. It's what you expect when an illiterate Mohammed makes up a religion/state/society from what he hears of paganism, Judaism, and Christianity.

History must be 'outed', like Mohammad consummating the marriage of his last additional wife when she was 9 years old. Pedophile for Prophet? Islam is the peace of submission for followers, the enforced peace of suppression, and the final peace of the dead victims.
