

The Election Is Up To You

Poquoson and York rank very high in the Commonwealth for voter turnout. Our citizens honor one another with civic pride measured by civic duty. So, when you, fellow Virginians, turn out in record numbers on November 2nd, I urge you to vote for Rep. Jo Ann Davis for U.S. Congress and Pres. George W. Bush for President. Please ask others to vote the same.

Even if you've never spoken a political word in your life, but simply done your voting duty, please speak to the people who know you, respect you and care for you. It's important to reach out. Remember Florida in 2000? A few thousand votes from Poquoson-York might win the Commonwealth. Virginia added 400,000 voters (10%) to the rolls this year. How many of these voters are illegal, only to be discovered, maybe, well, after the election? Huge turnout can beat cheating.

You can change turnout with your plain speaking, in earnest lovingkindness, with polite respect for disagreement and rejection – by asking everyone you know to vote for Bush and Davis. The facts make the choice obvious.

Bush's War in Afghanistan destroyed the Taliban and disrupted Islamist Terrorists. Across the globe old European allies and Muslim allies are helping hunt Al Qaeda and other terrorists. The War in Iraq is as messy as every other big war has been. Mistakes were made – as in every war. Kerry is talking tough, but when it came to facing the obvious Hitler-like invasion of Kuwait in '91, he voted 'No' against the liberation of Kuwait. Just as he was weak on defense for his entire Senate career of nothingness. Kerry betrayed his fellow Vietnam vets with allegations, and self-confession, of war crimes as soon as he could bug out of the combat theater. He was wrong on Communism and the Cold War and he is wrong on not understanding this is WW IV against Islamist Terrorism. He demeans our troops and allies saying, "Wrong war, wrong place, wrong time", even though he voted to support it, before he voted against it.

Sen. Kerry is the most liberal senator – according to all surveys. He is more leftist than Teddy Kennedy. Kerry voted against the Defense of Marriage Act (1996) which President Clinton signed. He voted for Partial-Birth Abortion – repeatedly. Some of Kerry's own Roman Catholic bishops say it's a sin, which must be confessed, for a Catholic to vote for Kerry because of his support for infanticide. Pres. Bush supports the sanctity of marriage and life.

Sen. Kerry said, "I want to make sure we have judges who interpret the Constitution of the United States according to the law." That is exactly backwards. Pres. Bush will appoint judges, including the Supreme Court, who will stick to the Constitution and not make up laws.

Sen. Kerry pays only 12.8% of his \$6.2m income in taxes. Yet, he demands every family or small business owner earning a penny over \$200k pay a full 45% tax rate (Federal alone). Such hypocrisy and moral relativism is the trademark of a tax, tax, tax and spend, big government programs, Massachusetts Liberal. President Bush will provide more tax cuts to all Americans, reform Social Security and Medicare. The U.S. will be more of an ownership society, where you, individually, control your retirement, health care and economic opportunity.

Please help bring out a record turnout for Rep. Davis and Pres. Bush.
